General Offices: 524-528 Broadway, cor Spring St., New York City

The Association of North American Directory Publishers is composed of reputable City Directory Publishers, organized for the general advancement of the Directory business. Any person, corporation or firm engaged in business as owner and publisher of a City Directory in the United States or Canada, who shall qualify as competent to gather information and compile a City Directory and furnish satisfactory references, is eligible to membership.

The objects of the Association are:

First. The advancement of the Directory business and the improvement of Directories by the interchange of ideas and the exchange of experienced employes.

Second. To provide protection to the public against fraudulent advertising schemes which operate under the name of Directories, and to drive unprincipled promoters of the same out of business.

Third. To provide permanent and profitable employment to competent, industrious and honest Directory canvassers and compilers.

Fourth. For the mutual protection and advancement of the established and prospective interests of all who may become members, by personal advice and assistance of members as may be mutually satisfactory, desirable or advisable, and by such other means as may, from time to time, be shown to be wise, proper and lawful.

All members of this association have subscribed to the following

STANDARDS OF PRACTICE

1. To consider first, the interest of the user of the book.
2. To subscribe to and work for truth, honesty and accuracy in all departments.
3. To avoid confusing duplication of listings, endeavoring to classify every concern under such headings as best describe it, and to treat additional listings as advertising, to be charged for at regular rates.
4. To increase public knowledge of what directories and reference media contain; to study public needs and make directories and reference media to supply them; to revise and standardize methods and classifications so that what is wanted may be most easily found, and the directory and reference media be made to serve their fullest use as business and social reference books and directories of buyer to seller and seller to his market.
5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.
6. To solicit subscriptions and advertising solely upon the merits of the publication.
7. To avoid misrepresentation by statement or inference, regarding circulation, placing the test of reference publicity upon its accessibility to seekers as well as on the number of copies circulated.
8. To co-operate with approved organizations and individuals engaged in creative advertising work.
9. To avoid unfair competition.
10. To determine what is the highest and largest function of directories and reference media in public service and then to strive in every legitimate way to promote that function.

$100.00 REWARD will be paid by the Association for the arrest and conviction of any person or persons engaged in publishing, collecting or canvassing for any fraudulent or "fake" Directory.

CHIROPRACTIC COLLEGES DEPARTMENT

STUDY AND BECOME A DOCTOR OF CHIROPRACTIC

Be one of the many ambitious men and women who are enrolling at the Clewell Chiropractic College. Join now, study for eighteen months and then write Doctor of Chiropractic after your name.

Chiropractic offers tremendous opportunities for men and women who are qualified to practice. It will give the opportunity that you have sought whereby you can go into business for yourself; can earn a good income; can have a standing in your community; can benefit suffering humanity.

In every community there is a demand for one or more Chiropractors. In large cities there is a splendid field. This, therefore, is a good time to study Chiropractic.

Besides, it is not necessary for you to leave San Diego to attend college. You can learn right here. You can attend the classes at the Clewell Chiropractic College, a regularly chartered institution that complies with all requirements regarding courses of study, hours of study, etc. From the very beginning of your course you will have the benefit of a large clinic which will give you experience immediately in palpation.

From the manner in which men and women are enrolling, it would appear that the current classes at the Clewell Chiropractic College will be the largest in the history of the institution. If you would be a member of the classes and take the first step toward becoming a Doctor of Chiropractic hand in your name tomorrow. Call at the college office, 1570 Fourth street, corner of Cedar street, telephone Main 3743, or write for literature.

HEBRON HOME

FOR THE AGED

(Incorporated)

A HOME IN ALL THE NAME IMPLIES

A cheery, comfortable home with a congenial atmosphere and sympathetic care, where those of advanced years may find a haven of rest for their declining days—that briefly describes the Hebron Home for Aged People.

This San Diego institution is advantageously located so that it commands a magnificent view of bay, ocean and surrounding country. This place is spick and span and there is an abundance of sunshine and fresh air through the rooms of the various buildings. The dining room is spacious and "homey", and the other rooms are clean and inviting. The Hebron Home for Aged People is a home in fact as well as in name.

Mrs. Emma Egbert Williams, the Founder and President, has given a lifetime in caring for the aged and infirm and her years of experience eminently fits her for the exacting duties of her position.

Associated with her are her husband, Hiram Williams and her two sons, Dow E. Williams and Hiram F. Williams and a carefully chosen staff of assistants, whose loving, tireless care insures to residents of the Home those numberless services, so necessary to the comfort of those advanced in years.

While the Home is not a charitable institution, the charges are so small as to be almost nominal and can be arranged for, either on a monthly basis or a one payment entrance fee, insuring care for life.

Ingle Manufacturing Company

INCORPORATED NOV. 7, 1906

Office and Factory
Seventh and G Streets

Phone, Main 472
San Diego, California

Manufacturers of

INGLE RANGES, HOT AIR FURNACES

and Rotary Bake Ovens with Valjean Carburetor Oil Burner.

Heating and Ventilating Systems of all kinds installed in residences and public buildings.

Sheet Metal and Pipe Work; General Repairs.

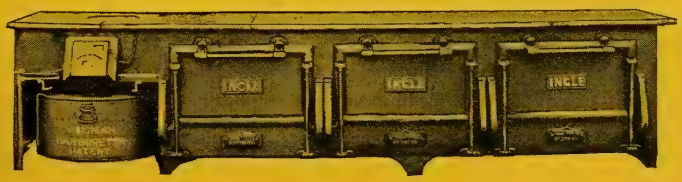
Suggestions regarding heating, ventilating and oil burning systems given by our experts; estimates gladly furnished.

This shows how the Valjean Carburetor Oil Burner is used with an Ingle Furnace. Note how easy the Carburetor is to get at.

* * *

Note that the Valjean Carburetor Oil Burner has no parts other than those shown in the accompanying illustration.

Ingle Ranges are made in twenty different sizes and styles: 1 to 4—24 in., 30 in. and 36 in. ovens; portable and brick set.



This shows triple oven style Ingle Portable French Range, full French top, (not paneled top).

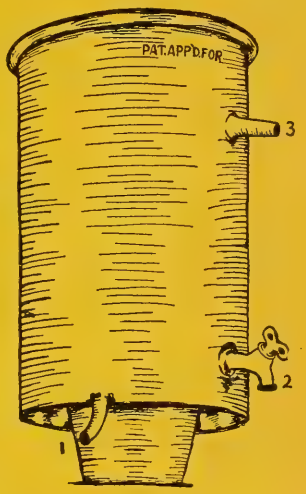
COPPER WORK
A SPECIALTY

Manufacturer of COPPER TANKS and KETTLES

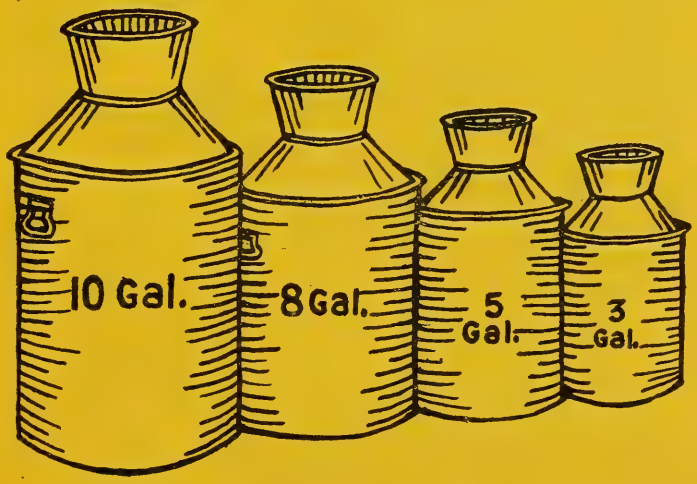
This still is the most modern and the lowest priced on the market. It is made so it will fit on top of an ordinary tea kettle. Another advantage is that it has no poisonous coils to hamper you and cause verdigris poisoning.

Price $12.00.

Heavy Copper Kettles are furnished by us at the lowest market price.



This model can be used with or without running water



PURE WATER A NECESSITY

EASY TO OPERATE

EASY TO KEEP CLEAN

SCIENTIFICALLY CONSTRUCTED

NO UNSANITARY COPPER COIL

WILL LAST A LIFETIME

WRITE OR CALL FOR LITERATURE

The Kettles illustrated above are made of the very best copper, heavily tinned on the inside to prevent corrosion, the collection of dirt and the forming of verdigris.

INTRODUCTION

The 1922 issue of the San Diego City and County Directory is herewith presented. Every effort has been put forth to make a complete and accurate Directory that will meet the requirements of business and professional men and the public in general.

ALPHABETICAL. The Directory contains 1399 pages. The San Diego alphabetical section, which includes East San Diego and Normal Heights, begins at page 161 and ends at page 1058. The County section, in which all cities and towns in the County, except San Diego, are arranged alphabetically, begins at page 1059 and ends at page 1218.

CLASSIFIED. The Classified Business Directory is embraced in pages 1219 to 1398.

BUYERS' GUIDE. This feature occupies pages 2 to 74. In this department will be found, classified according to line of business and profession, display advertisements of those engaged in various industries and professions.

STREET AND AVENUE GUIDE is included in pages 113 to 158.

MISCELLANEOUS DEPARTMENT, pages 85 to 112, includes a variety of miscellaneous information such as the City, County, State and Federal Governments, Churches, Post Office Department, Business Buildings, Societies, Club, etc.

POPULATION

From information gathered in our canvass we estimate that the population of San Diego is at this time **112,012** being an increase of 4,053 since our last issue. Our estimate of the population of the Metropolitan (Bay) district is **126,212**.

The following table shows the increase in population of San Diego since 1870:

1870	1880	1890	1900	1910	1917	1918
2,300	2,637	16,156	17,700	39,578	90,455	94,955

1919	1920	1921	1922
95,767	99,481	107,959	112,012

FACTS ABOUT SAN DIEGO

Prepared by
Publicity Bureau
SAN DIEGO CHAMBER OF COMMERCE

San Diego, county seat of San Diego county, is situated sixteen miles north of the Mexican border on a beautiful bay of the same name. It is a typically modern city. The climate is one of the most equable and salubrius in the world, there being no extremes of heat or cold. San Diego is most ideally situated. The site comprises a series of small valleys and hills, and the elevations afford a panoramic view which is unexcelled. The placid waters of the bay, the waves of the Pacific and the distant mountains present a picture of which one never grows tired.

The citizens of San Diego are progressive, and in laying out the city have ever kept in mind the possibilities of future growth. Wide streets and boulevards obviate congestion and the large area embraced within the corporate limits makes possible the building of a great industrial, commercial and residential city.

The Bay of San Diego has an area of 22 square miles, is completely land-locked and has a depth of 37 feet over the bar at low water.

In keeping with the growth of the community, the city and the United States Government have spent large sums on harbor improvements. This expenditure provided a Municipal Pier, Warehouse, Administration Building, and 2600 feet of bulkhead, took care of a large amount of dredging and gave to the city 80 acres of valuable filled-in Tide Lands. The city still owns 1320 acres of tide lands—a stupendous asset perhaps possessed by no other city in the world.

Perhaps no better evidence can be offered of San Diego's many and unusual advantages of location, climate, bay, harbor and general surroundings than is shown in the preferences extended by the Federal Government.

Briefly they are:

Camp Kearny—U. S. Public Service Hospital No. 64.
U. S. Naval Base for Eleventh Naval District.
U. S. Naval Training Station.
U. S. Naval Hospital.
U. S. Marine Corps Base.
U. S. Naval Repair Base.
U. S. Army Aviation School—Two Fields.
U. S. Naval Air Station.
U. S. Naval Coaling Station.
U. S. Naval Fuel Oil Station.
U. S. Quarantine Station.
Fort Rosecrans—Coast Artillery.
U. S. Naval High Power Radio Station.
U. S. Naval Radio Station.
Training Port for Vessels of Pacific Fleet.

According to high naval officers, San Diego is to be made a second Hampton Roads. The most modern facilities of all kinds are being installed.

The County of San Diego contains almost 2,700,000 acres, but as the eastern part is mountainous, not more than 500,000 acres are suitable for agricultural purposes. On the other hand these mountainous districts offer to the visitor quite as enchanting bits of scenery as can be found on the coast.

The western part of the county is divided into a series of irregular terraces or plateaus. The lower, or coast terrace, practically frostless, comprises a number of valleys with intervening mesa lands. Next comes a series of higher valleys varying in elevation from 400 to 1500 feet. The third series includes the foothill districts, with numerous small valleys, nooks and glens with an elevation of 2500 to 4000 feet.

The city owns its water system which is valued at $8,000,000. The source of supply is the impoundment in reservoirs of the flow of the mountain streams, and the natural underground reservoir of the San Diego river adjacent to the city.

The present supply is adequate and can be largely increased when necessary. The yield from available sources is approximately 30 billion gallons per annum. The average daily consumption is 10 million gallons, supplied at a cost to the consumer of 8 cents per thousand gallons.

Of great importance to any city is the question of transportation. The Santa Fe Railroad has long been established in this territory, affording facilities of this immense system. This road has expended in San Diego the sum of $500,000 in permanent improvements.

The San Diego and Arizona Railway was completed December 1, 1919, giving San Diego the shortest transcontinental railroad in the United States. The distance from San Diego to El Centro over the new line is 148 miles, thus bringing this city in direct rail communication with the fertile Imperial Valley and the highly productive areas of Arizona, New Mexico, and other parts of the Southwest. San Diego, with its splendid harbor and shipping facilities, is the logical shipping and distributing center for the output of the great farming belts just east of the city.

San Diego County has many hundreds of miles of boulevards and roads, and is connected with Los Angeles via the Coast Route by a paved highway. The State Highway to Imperial Valley is in course of construction. The county is destined to become a "Mecca" for autoists, as its splendid roadways traverse some of the most interesting country from both an historical and scenic standpoint in Southern California.

In almost every part of the so-called back country accommodations can be had at most pleasing and desirable resorts. This permits of traveling leisurely or of remaining quietly in the one which best suits the individual taste. To those who desire to locate permanently in a community where the standard of the school system is high, where church facilities are of the best, and where the means of recreation are varied and refined, San Diego offers much. To children and those advanced in years the city is especially inviting, and for the business man with capital many opportunities exist.
